Anthem Hills Dental
CONSENT FOR DENTAL TREATMENT

HIPAA: The Department of Health and Human Services has established a "Privacy Rule" to help assure that personal health care information is protected. This rule was also created in order to provide a standard for almost all health care providers to obtain their patients consent for use and disclosure of health information about the patient in order to carry out treatment, payment, or health care options. As our patient we want to inform you that we respect the privacy of your health care records and will do all we can to secure the privacy of that information. When it is appropriate and necessary, we provide the minimum information about treatment, payment, or health care operations, in order to provide you the very best treatment for your interests. We also support your full access to your medical records. We may have indirect treatment relationships with you (such as laboratories), and may have to disclose personal health information for the purpose of treatment, payment, or other health care operations. You may refuse to consent to the use or disclosure of your personal health care information, but this must be in writing. Under this law, we have the right to refuse to treat you should you refuse to disclose your Personal Health Information (PHI). If you choose now to give consent, at some future time you may request to refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this previously signed consent. You also have the right to review our privacy notice, to request restrictions, and to revoke your consent in writing after you have received this notice.

CONSENT: The undersigned hereby authorizes Anthem Hills Dental to take radiographs, study models, photographs, perform or order tests, or any other diagnostic aids deemed necessary or appropriate by Anthem Hills Dental in order to make a thorough diagnosis of the oral and physical condition of the patient. I also authorize Anthem Hills Dental to perform any and all forms of treatment medications, and/or therapy that may be indicated in connection with treating the disease conditions. I further authorize and consent that Anthem Hills Dental may choose and employ such assistance as they deem fit. I understand that the use of anesthetic agents embodies certain risks, which I accept if I choose to use anesthesia. I will not hold Anthem Hills Dental responsible for any omission I might have made in completing the medical history portion of these forms. I understand that there are no guarantees or warranties of any kind stated or implied by Dr. Wilson or any team member, in reference to any treatment that they may render.

INSURANCE: In order to avoid misunderstandings that may occur regarding dental insurance, we wish our patients to know that all professional services are rendered to you directly and all fees are ultimately your responsibility if the insurance company does not pay. The patient or guardian is personally responsible for payment of these fees. For patients with dental insurance, we are happy to work with your insurance carrier to maximize your benefits and directly bill them for reimbursement for your treatment. Your estimated portion of the treatment and any applicable deductibles will be collected at the start of treatment, unless specific payment arrangements have been made ahead of time. We will prepare necessary forms or reports, submit them for you with required x-rays and respond to reasonable requests for further information from the insurance companies in order to obtain the benefits from your insurance company or union plan. I consent and authorize Anthem Hills Dental to release any and all information about my dental condition and treatments to my insurance company as may be required to obtain benefits from them. I also authorize payment directly to Anthem Hills Dental of any benefits otherwise payable to me from my insurance company or dental benefit plan. However, if Anthem Hills Dental does not receive payment from your insurance carrier within 90 days, you will be responsible for payment of your treatment fees and collection of your benefits from your insurance carrier. WE DO NOT render our services on the basis that the insurance companies will pay all of our fees. Dental insurance is not similar to medical insurance and fees vary by different insurance companies. If you do not have insurance, and so desire, financial arrangements may be made prior to the work being commenced.

I acknowledge receipt of the Consent for Dental Treatment and the Written Financial Policy. I agree to all of the above conditions as set forth and so declare by my signature below. (A photocopy shall be as valid as the original)
